With regard to the proposal for the transfer of the 25 per cent. share of the net proceeds of the Noaf ferry to the Chittagong District Board, it was pointed out that there was no objection to the transfer, provided that a reduction, corresponding to the 25 per cent. share, was made in the annual grant from Government to the Board. The Board having expressed their unwillingness to accept this condition, the existing arrangement, under which the proceeds of the ferry are credited to Government, was allowed to remain undisturbed. As regards the proposal to transfer the management of, and the receipts from, the Moiscal ferry to the Cox's Bazar Municipality, it was pointed out that the proceeds of ferries could only be made over to Municipalities if they undertook other charges equivalent to these receipts. It having been subsequently reported that the efficient working of the ferry was beyond the resources of the Cox's Bazar Municipality, and that the mails for Kutubdia were carried by this ferry, the ferry was allowed to remain in the hands of Government, and, with a view to improve its efficiency, the life-boat belonging to the Port Commissioners of Chittagong, which was not required by them, was purchased at a cost of Rs. 500, and, with the consent of the Marine Department, sanction was accorded to the employment of a crew for the boat at a cost of Rs. 43 per mensem.</p>		<i>r</i>
