LANDS REQUIRED FOR FACTORIES—Opinion of Mr. Law, Member, Board of Revenue, that instead of the Board of Revenue causing a deduction to be made in the revenue for land required from a zemindar for a certain factory, it would be advisable to leave it to the resident of the factory to purchase what land he might require from the proprietor, paying its revenue to the tehsildar. Thus the land revenue would not diminish, and the zemindar would have the value of his land, and the Company as merchants would have a fixed property
