Hidgellee Agency. Board informed Agent that that the sole reason for purchasing the Mahratta salt manufactured in the neighbouring districts is to prevent that salt from being clandestinely imported into the Company's provinces, and that it was never their intention to purchase salt imported by sea from the remote Mahrattah Frontier to the southward of Balasore as it was obviously inadvisable to take any of the Mahratta salt in the view of assisting the supply of the markets whilst salt may be obtained from the Company's possessions on the Coromandel Coast	26th Mar. 7-10
Agent informed that it being now determined that no salt imported from the Mahratta territories to the southward of Balasore shall be purchased on account of Government, he should inform the Mahratta merchants or their agents that no salt the produce of the territories of the Mahrattas to the southward of Balasore and imported from thence by sea will in future be purchased on account of the Company	26th Mar. 7-10

WANTAGE ALLOWANCE—	
Bulwa and Chittagong Agency. Board informed Government that they have instructed the Agent to adopt the plan which has been practiced in Hidgellie and Tumlook Agencies of settling with the manufacturers a certain rate of allowance per cent. or per maund for wastage, such as the circumstances of distances and mode of transportation of the salt in the agency may render necessary, and then to place the additional weight that may be agreed upon in the scale with maund weight, and to fix a general rate for the allowance for wastage throughout the agency in preference to having many different rates of allowance	28th May 1-10
24-Pergunnahs Agency. Board approved of the Agent's proposition for settling a fixed rate of allowance for wastage, and directed him to carry it into effect	
Board informed Agent that instead of having the allowance for wastage taken at the close of the bangah, or weighing of each molungbees, salt as suggested by him, it would be preferable to adopt the more simple way in use at Hidgellie and Tumlook, viz., that of putting a small weight equal to the wastage fixed upon into the scale with the maund weight	28th May 3-2
